SOURCING & SOLUTIONS FOR HORTICULTURE

## How Do I: Use the Product Search Feature

## Product Search Function

Onliant includes a product search feature in all product categories, which gives you the ability to narrow down the products you're looking for.

## This example shows how to use the Live Goods Search Option

This new feature gives you the ability to search for products in numerous ways. You can fill in all of the option fields, or pick only a few to narrow your search. There's no right or wrong way to start your search! Choose Product Search from any of the product category tabs in the main menu.

## Product Search is available for each product category in Onliant. Below is an example of the Product Search Feature for Live Goods.

Click in any of the option fields to begin your search .

### Welcome to our new Product Search Feature!\*

- Find Vendors growing a particular Genus
- Find or compare Vendor availability for a particular Genus<sup>1</sup>
- Filter search results by Vendor, Genus, Size, etc.
- Add to cart directly from search results<sup>2</sup>
- View our live seed availability, select Class Seeds

Live Goods Vendor	Select Some Options
Class	Select Some Options
Genus	Select Some Options
Series	Select Some Options
Size	Select Some Options
Seed Form	Select Some Options
Color	Select Some Options
Show Available Only	<input type="checkbox"/>
<input type="button" value="Search"/>	

In this example, we begin with a Vendor. You may choose multiple vendors: After selecting one vendor, click in the box, and the drop-down will appear again. Or, hold down the CTRL key to click/highlight multiple vendors.

Live Goods Vendor	Aaron's Creek Farms x
Class	Aaron's Creek Farms
Genus	AG3
Series	Agri Starts
Size	Al's Garden Center
Seed Form	American Farms
Color	Amos Zittel & Sons
Show Available Only	ARC Ferns
	Aris Horticulture
	Athena Brazil USA
	Banner Greenhouses

Next search is by the Class. (You may choose more than one crop class.)

Live Goods Vendor	Aaron's Creek Farms x
Class	Select Some Options
Genus	
Series	Achillea
Size	Ageratum
Seed Form	Alcea
Color	Alyssum
Show Available Only	Angelonia
	Aquilegia
	Armeria
	Arugula
	Aster
	Basil

Each search works the same. You can use as many of the options as you like. And within the option, you can choose one value or multiple values.

Onliant also has an Availability feature. If a vendor posts their availability with us (vegetative plants), you can choose your required dates and Onliant will show their plant availability. Other product categories will show live availability from our warehouses. Click the 'Show Available Only' box. Then, click in the Starting/Ending Week boxes for the calendar to appear. For non-plant products, you can simply choose your criteria and then click on Search.

This example shows Syngenta Flowers' poinsettia availability. While the below example shows all of the fields, not all fields are required. You can use as many, or as few, as you need.

Live Goods Vendor	<input type="text" value="Syngenta Flowers x"/>
Class	<input type="text" value="Select Some Options"/>
Genus	<input type="text" value="Poinsettia x"/>
Series	<input type="text" value="Select Some Options"/>
Size	<input type="text" value="Select Some Options"/>
Seed Form	<input type="text" value="Select Some Options"/>
Color	<input type="text" value="Select Some Options"/>
Show Available Only	<input checked="" type="checkbox"/>
Starting Week	<input type="text" value="2016-31"/>
Ending Week	<input type="text" value="2016-35"/>
	<input type="button" value="Search"/>

Availability quantities are listed under the grow week. Pricing and minimum order quantity are below the price. Fill in the quantity you'd like and click on add to cart, or order everything you want on one page and at the top or bottom of the page and click on Add to Cart. *(It's important to click on Add to Cart before you leave a page.)*

**\*\* When ordering from all other product categories, you must click on Add to Cart for each product you wish to order\*\***

## Reverse Search

You may begin your search by choosing the genus and size first, instead of the vendor. Once you make those selections, you can then go up to Vendor and Onliant will show only the vendors that grow the genus you chose in the tray size you specified.

Live Goods Vendor	Select Some Options
Class	Select Some Options
Genus	Basil x
Series	Select Some Options
Size	102 x
Seed Form	Select Some Options
Color	Select Some Options
Show Available Only	<input type="checkbox"/>
	<input type="button" value="Search"/>

\* We are busy cleaning-up our product options used in this search, but did not want to wait to introduce you to this powerful tool. Please bear with us as we complete this work.

Click on Live Goods Vendor and it only shows, for example, the vendor growing basil in a 102 tray.

Live Goods Vendor	Knox Nursery
Class	Knox Nursery
Genus	Basil x
Series	Select Some Options
Size	102 x
Seed Form	Select Some Options
Color	Select Some Options
Show Available Only	<input type="checkbox"/>
	<input type="button" value="Search"/>

***\*\*Important to remember when searching multiple vendors\*\****

If you search multiple vendors at one time, all of the products will be listed. The name of the vendor is listed below the plant description. If you order from more than one vendor, your items will split into separate carts for each vendor. (This applies primarily to Live Goods orders, but may apply to some Hard Goods and Retail orders.)

## Filter Bar

Once your search results are displayed, you can use the Filter bar to further narrow your search.

Below is an example from the Hard Goods product search. HC Companies was selected as the vendor and Geranium pots was chosen. Once the item(s) are displayed, a user can then click on the Filter bar to narrow further. The below example shows the option to select a specific pot color.

The screenshot displays a product search interface. On the left is a 'Filter Products' sidebar with the following sections:

- Filter Products**: A search bar with the placeholder 'Keyword'.
- Color**: Two checkboxes, 'Green (2)' and 'White (1)', both of which are unchecked.
- Hardgoods Vendor**: One checkbox, 'HC Companies (3)', which is checked.
- Hardgoods Subcategory 2**: One checkbox, 'Geranium Pots (3)', which is checked.
- Hardgoods Subcategory 1**: One checkbox, 'Plastic Containers (3)', which is unchecked.

The main content area shows three product listings, each with a small image of the pot, a title, description, vendor, stock status, price, and quantity options.

- Product 1:** 48-7815 Dillen 4.25 Geranium Thinwall Tag Locator Green 680/Carton. Description: 04.25 Geranium Tag Locator Thinwall Capacity Max. Dry Cu. Inches 36.31 Max Liquid US 1.25 pt. Vendor: THE HC COMPANIES. (Stock) Available: 4. Price: 86.0667 / CS. Qty: 1, Min Order Qty: 1.
- Product 2:** 48-7816 Dillen 4.5 Geranium Thinwall Green 850/Carton. Description: 04.50 Geranium Thinwall Capacity Max. Dry Cu. Inches 36.61 Max Liquid US 1.26 pt. Vendor: THE HC COMPANIES. (Stock) Available: 102. Price: 114.2212 / CS. Qty: 1, Min Order Qty: 1.
- Product 3:** 48-7817 Dillen 4.5 Geranium Thinwall White 850/Carton. Description: 04.50 Geranium Thinwall Capacity Max. Dry Cu. Inches 36.61 Max Liquid US 1.26 pt. Vendor: THE HC COMPANIES. (Stock) Available: 0. Price: 123.2250 / CS. Qty: 1, Min Order Qty: 1.

Each product listing includes buttons for 'More', 'Request Information', 'Add to Favorites', and 'Add to Cart'.

*Using the Product Search Option as well as the Filtering options will allow you to find what you want to order from all Onliant product categories quickly and easily.*
