Order your Basewell™ perennial trial pack today by visiting GrowBasewell.com or by contacting your sales representative. Free trial packs are available to receive in weeks 15, 16, and 17. Availability is limited – book your trial pack today to secure your shipment!

Each pack includes **200 Basewell™ young plants**: 50 each of four grower-preferred cultivars, selected for excellent summer performance and suitable for monoculture or combination production.

TRANSPLANT TIPS FOR BEST RESULTS

- Process shipment immediately upon arrival
- Irrigate thoroughly after transplant to ensure good root-to-media contact
- Provide shade for the first five days, or until roots reach the sides of the pot
- For more culture tips, visit GrowBasewell.com
